Leeuwin Estate ART&WINE Dinner

Founder Denis Hogan and current co-CEO Simone Horgan-Furlong of Leeuwin Estate, the premium winery in Western Australia, will visit Japan in September. In their honour, Village Cellars Wine Club will host a casual dinner and party featuring Leeuwin wines.

The dinner will bring to life the Leeuwin Estate concept of "Fine Wine, Food & Art," with Art Series wines that feature specially commissioned fine art on their labels, and Denis and Simone can share with us some of their stories behind the artists and the labels.

Your booking includes payment for the meal at the time you apply, and on the day you can enjoy choosing your favourite Leeuwin wines from a specially selected wine list on a pay-for-what-you-drink basis. All wines will be served in handmade glasses from PLUMM, the Australian glassware brand.

Thanks to Arcana, we will also demonstrate a prototype of our newly-developed 'Glazmataz' glassware rack, which makes handling, washing and storing wine glasses safe and easy. Join us for an evening sampling the world of Australia's finest wines and enjoying an exclusive set course dinner in an arty Leeuwin Estate atmosphere, with night-time views of Tokyo Station building spread out in front of you.

Denis and Simone looking forward to meeting you.

Leeuwin Estate

Established in 1972, Leeuwin Estate was one of the first five producers to establish vineyards in Margaret River, Western Australia, which today is recognized as Australia's premium winegrowing region. Family-owned and run, Leeuwin Estate consistently appears in rankings of the World's Top 100 Wineries. Since the release of the first vintage of its flagship wine, the Art Series Chardonnay in 1978, and Decanter Magazine giving its highest recommendation to the 1981 vintage in an international blind tasting, the quality and completeness of Art Series Chardonnay has continued to grow over 30 years. Currently it tops search rankings for 'world's most wanted Chardonnay' at the major US wine website, wine-searcher.
