

# MOUNT EDWARD

Mount Edward is an estate in Central Otago New Zealand. Pioneers of progressive Central Otago wine, we craft premium wines from single vineyard sites across our unique sub regions.

Earths End wines come from these unique sites, made traditionally, and given a contemporary feel reflecting all we stand for at Mount Edward. Generally lighter soils and younger vines resulting in a more fruit forward wine.

Winemaking is by Duncan Forsyth producing a wine of individual style, distinctly Central Otago with bright and vibrant fruit, refreshing acidity and above all delicious.
