2013 Bowen Estate Shiraz

Region: Coonawarra, Australia

Variety: Shiraz 100%
Totally Estate grown and hand pruned

Vintage 2013: A fantastic follow up to the wonderful 2012 vintage. Fast flowering saw an even fruit set producing a good crop. The warm and dry summer, followed by a cool autumn were ideal conditions for balanced and uniform ripening of the grapes. The resultant wines are strong in both colour and fruit concentration – an outstanding Coonawarra vintage.

Wine: This wine exhibits a great intensity of colour and depth of hue. A glorious bouquet lifts from the glass redolent of summer-ripe cherry fruit. These summer ripe fruit elements are well complemented by classic spice characters on both the nose and palate. The palate shows perfect ripeness and balanced richness in the mouth from beginning to end. We believe the luscious mouth feel of this wine is from the grapes harvested from the increased maturity of our vineyard following our vineyard redevelopment.

Drink: Over the next 5 - 7 years.

The Bowen Family is proud to guarantee the origin of this wine.

All grapes used are grown and harvested from our vineyards located on Coonawarra's famous terra rossa soil.
