

Sato Central Otago Pinot Noir Northburn 2016

Profound garnet colour to the rim. Not dense.

Herbal notes, a bit of spices of cinnamon and star anise. Some earthy cool forest breeze over fruity nose of blue berry, red current, cherry. Very complex.

Juicy tastes of plum, cheery, strawberry together with abundant soft, rounded tannin and saltiness lead to mouthfilling satisfaction at attack. Not heavy. Some tight whole bunch tannin follows, creating solid frame of taste so the wine never gets dull. Moderate level of acidity reinforces the gentle impression of the wine at finish.

Bottled with no fining and filtration.
