

MOUNT PLEASANT

2021

Elizabeth Semillon

Sourced entirely from our own vineyards, our Elizabeth Semillon is released at five years of age to showcase the magic that is Hunter Valley Semillon and the beautiful complexities that come to this variety with bottle age. Handpicked and fermented before bottling within three months of production, this wine displays all the hallmarks of Australia's gift to the wine world, with fresh citrus balanced by wonderful complexing bottle aged characters.

Tasting Notes

Fresh lemon and lime are harmoniously integrated with honey toast and lanolin notes from bottle age. The palate is rich in flavour, complex and textural while retaining the brilliant acidity present in its youth.

Drinking Window

Released after five years, as is tradition for Mount Pleasant, this wine will continue to deliver more complex aromas and flavours for the next 15 years.
